

We the staff will do our best to support all the students' happiness and growth.

We are having cold and partially snowy days in April, but as we see the cherry blossoms blooming, we can feel the arrival of the spring. The Entrance Ceremony was held on April 5th welcoming 57 new students to our school. We have started the Heisei 31st year with total of 164 Anamizu Junior Highschool students.

To fulfill our students' dreams, school staff will be ready as a team to support them. We will try our best to conduct our educational activities to support their happiness and growth. It is fundamental that school and parents share the same vision to raise children. We would like to create opportunities to talk with the parents as much as possible. Just as last year, we appreciate all parents' understanding and cooperation. With the evolution of AI, our working environment and our society is changing drastically. Despite these changes, we must not forget about the human bondage, being punctual on time, greeting properly and being courteous to others.

In our school, students should be able to greet others properly. Then, they must acquire abilities which will be accepted in our society and be able to survive in this severe world. This year's "School Educational Goal" and "Student's goal" will be listed as following and we would like to continue educating. 【Principal Takada Katsuhiro】

【School Educational Goal】

「Acquiring solid academic ability, enriched spirit and raising resilient students who can survive in the society.」

■ What students must aim for:

- Students who respect the good in others and think and act spontaneously.
- Students who can think, express and solve problems independently.
- Students who have physical and mental patience.
- Students who can respect, cooperate and work together to create new things.
- Students who have courtesy to greet properly and act with discipline.

April 1st Our new Anamizu Junior Highschool staff. Nice to meet you!

I am Takada, previously I worked for the Ishikawa Board of Education OkuNoto office. 35 years ago, I had worked for Anamizu high school as a trainee for a year and during this time I lived in Anamizu town. Now I commute from Ushitsu, Notocho and it takes about 40 minutes from there. The station and the shopping area have changed but I am cheered by the fresh energetic greetings from our children. I will do my best for this town. **【Principal Takada Katsuhiro】**

This is the first time in 2 years that I have worked in Anamizu. I have worked for Toyo junior high school in Wajima and was linked by fate to be drawn back here. Looking at our students, I was able to feel the loveliness of "stillness" and the "motion". Let's make it a school filled with "+-x÷" =add strength, cooperate and subtract work, multiply positivity and divide up happiness. I would like to be the cheerleader for all students to make their dreams come true. 【Vice Principal Masayuki Okamoto】

I am Tomonobu Emiko from Horyu elementary and junior highschool. I teach music and Home ec. I was able to listen to our students beautiful voice singing the school song. I would like to fill this school with singing voices. It is my first time in Anamizu. I'll do my best. 【Teacher Tomonobu Emiko】

I am Takayanagi Akiho, first year as a teacher. I will teach Japanese. I would like to grow just like our fresh and energetic students. I am from Notocho and I have never had a chance to know this place. However, in this 2 weeks, I am attracted by the town's beautiful scenery and its delicious food. Nice to meet you. 【Teacher Takayanagi Akiho】

I am Michibata Keiko. I have been transferred from our neighboring school, Anamizu elementary school. I am a Nursing teacher. It's been a long time since I've worked in Junior highschool and I am very excited. I am relieved and energized by seeing many familiar faces. I would like to support all students physically and mentally so that they can spend fulfilling school days at school and at the school infirmary. 【Nursing teacher Michibata】

I am Takii Yoichi. I will be working on Mondays and Thursdays, 2 days a week. This will be my first time in Junior high school and I am a little anxious but I will do my best for the students. 【Teacher Takii Yoichi】

I am Takeshita Kazuo, working as a school genitor from this year. I have worked for Anamizu elementary school for 2 years as a genitor. I have yet to learn about junior high school but I'll do my best for everyone. Nice to meet you. 【School custodian Takeshita Kazuo】
