

A month has passed since the Heisei 31st year started. We would like to thank all the parents who have visited the open school day, PTA general meeting, net safety seminar, grade parent meeting and special committee. In April, we held an orientation about how to spend our days at home and how to enjoy learning. We have started our classes by analyzing the achievement test which we took previously. Also, before the Golden Week vacation, children got in groups for a school field trip and they were able to experience many group activities. Now, the new era "Reiwa" has started from May. We would like to list the goals that we aim for. We the staff would like to work together as a team to pursue these goals. We greatly appreciate all cooperation from parents, community, and others involved. Thank you.

This year's goals for Anamizu Junior Highschool

"Acquiring solid academic ability, enriched spirit and raising resilient students who can survive in the society."

■ What the school aims for:

- A School where students can grow and aim for their goals.
- A Safe and reliable school where students can greet each other cheerfully and learn actively.
- A School where students will acquire the ability to survive and build strong foundation for the society.
- A School that can meet the expectations and be trusted by the community and families
(A school that students, parents, community and the staff can feel proud of)

"Gakushu" Orientation

■ What students aim for:

- Students who respect the good in others and think and act spontaneously.
- Students who can think, express and solve problems independently.
- Students who have physical and mental patience.
- Students who can respect, cooperate and work together to create new things.
- Students who have courtesy to greet properly and act with discipline.

1st year field trip (Yunokuninomori)

■ What classes aim for:

- "Comprehensive class" and "Higher quality class".
- Classes where students can think together but allow them to give active opinions.
- Classes which will have good prospects and can acquire perseverance.
- Class that can retain what they are taught, and review it so they can make the most of what they have learned.

2nd year group session

■ What teachers aim for:

- Hold rich sense of humanity and have unconditional care towards students.
- A teacher who is filled with an educational will, responsibility and leadership.
- A teacher who can teach according to the situation, hold broad prospective and always be diligent in their studies.
- A teacher who works collectively and will participate actively in school management.
- A teacher that can cooperate and build good relationships between the parents and the community.
- Hold pride, responsibilities and high sense of ethics as a public educational personnel.
- A teacher who can work efficiently and manage their work-life balance.

PTA members have approved as the new PTA president and as well as the new PTA committee
Thank you for your cooperation.

3rd year field trip (Kaga Fruitsland)

Student council' We will make our school better with our own hands!'

On April 25th, Heisei 31st year first period approval ceremony was held for the student council and the class representatives. At the student general assembly, we were able to hear many passionate resolutions and the new year's course of action from our student council president. We were also able to share many significant opinions and questions. From our student council's opinion presentation, the goals for each grade and a firm resolutions were stated for our school life. Under the new staff, 164 students will start our new school days. So please stay tuned!

Our first period student council goal "Be the Anachu students who can build bonds between friends and always smile"

First period president :

Executive committee :

We will not put student names on this page.
