

Experience the real and high quality
The place where you can broaden your horizon

We receive extreme amount of information visually through television and computers. It is indeed a very useful tool where we can receive a lot of important information but it is truly dangerous to think that we understand everything from it. We can understand the real quality of technique by actually seeing or doing it. For example, in sports it would be high performance.

Have you ever felt "Wow!" before? Experiencing "the real, true and high level" will expand your horizon and make you a better person. It also gives you depth, wisdom of living, and teaches you how to think and also it may build your dream.

As a school, we would like to make as many opportunities as possible for children to experience this. So that they can feel and experience what's real with their five senses. Along with our 2nd grader's work experience, 3rd graders will actually be able to make Wagashi (Japanese sweets) taught by an artisan. This is how we hope to give students real experiences.

Principal Takada Katsuhiko

◇ PTA School lunch tasting/ Dietary education lecture

On June 5th, 19 of the 1st grade parents attended the school lunch tasting. Our Koyo elementary school nutritionist Ms. lida lectured the importance of food. To eat is to live says Ms. lida..Let's all thank and enjoy our school lunch.

◇ PTA / Student guidance/ School lunch committee

For one week from June 3rd, we had a safe commuting week to promote safe going to and leaving from school habits. We hear many sad accidents on the news and we must not allow that to happen. All adults must be aware and look after our kids so they can commute safely and feel secure.

◇Let's make our community clean as a student body!

On June 3rd, all students made a group according to their clubs and cleaned our town. Our student council Planned this cleaning day to thank our community and so that the people can feel clean and comfortable using the place.

Glory of Anachu

【Track and Field(TT)】 Prefectural tournament(PT): June 29th · June 30th Seiburyokuchikoen TT stadium
