Invitation for Kanazawa Izumigaoka Senior High School AI Project Poster Session 2015

Dear ALTs,

We would like to inform you of the following event. Our school has a science and mathematics course, whose second year students have been working on a research project in groups since April. They are going to present their research in English. The presentation is held in the auditorium, where 10 groups of students set up booths. The first year students visit each booth in small groups and ask questions in English.

We would be very happy if you could join the audience and ask questions in English. That will give our students great opportunities to communicate in a foreign language, and also will be a chance for you to understand our school's unique subjects ("AI project' for doing the research and 'Science English' for speaking in English ). We also hope that this event will provide you with some hints for English speaking activities in your school.

If it is possible for you to join us, please use the attached application form, which is in Japanese, and <u>send it to us by fax (**Due on December 4**<sup>th</sup>)</u>. We are going to prepare <u>a free lunch box</u> for you, so please let us know if you would like a normal lunch or vegetarian. (In case you prefer to have halal food, we are sorry that we cannot prepare it.)

We are looking forward to meeting you.

Kanazawa Izumigaoka SHS SSH Department

1	行事名 Name of Event					
	平成27年度金沢泉丘SSH研究発表会 AI プロジェクトポスター発表会					
	Kanazawa Izumigaoka Senior High School
